MOTORCITY CASINO HOTEL OPENS A NEW SMOKE-FREE GAMING AREA

DETROIT (5 April 2012) MotorCity Casino opened a new smoke-free slots area. The room is conveniently located at the main casino entrance. The location allows guests to easily access the smoke-free room without crossing the casino floor. The area offers a selection of 71 of the latest slot machine games including video poker, and the area includes denominations from a penny up to \$5. There is also a self-serve beverage station available.

Phil Trofubio, vice president of slot operations, views this new addition as confirmation that MotorCity Casino Hotel listens to their guests. "This is another demonstration of our commitment to solicit feedback from our guests and to respond accordingly. We have always prided ourselves on taking their input and using it to reinvest in their gaming experience by developing and implementing technology, programs and amenities that cater to their preferences."
